

Noise Wall Removal & Construction Activities

Location: QEW Eastbound Lanes

Date: Construction work could start as early as January 24, 2024 and continue to June 30, 2024

Purpose: To facilitate the on-going construction work for QEW Credit River Bridge Improvement project, including the following construction activities:

- Main storm sewer installation under the noise wall
- Side/lateral leads from the main storm sewer
- Culvert installation at Kenollie Creek and Stavebank Creek
- Retaining wall construction associated with the NORTH-SOUTH Active Crossing at Stavebank Road
- QEW road reconstruction
- QEW overhead sign installation
- Noise wall reconstruction – foundation and panel installation

Description: We are going to be removing sections of the Noise Wall along the QEW eastbound lanes as identified in YELLOW.
